## The Auricfield Infusion Process™

was invented by our chief scientist, a Quantum Physicist. It is a proprietary combination of subtle energy patterns, specifically designed to enhance healing of the human body at the sub-atomic level.

Many leading scientific thinkers regard Energy Medicine, as the new frontier in human bio-science.

Energy medicine is both a complement to other systems of medical care and, in itself, a complete system for self-care and self-help. It can address physical illness and emotional disorders, and it can also promote wellness and peak performance.
